

# Partners Against Plaque

Dr. Wiley and her team are working to promote good dental hygiene through regular dental checkups and cleanings.

Ask your hygienist to sign this certificate the next time you visit your dentist's office for your check-up. Bring the signed certificate back to our office, receive 10 free tokens, and enter it into our drawing. A winner will be selected every 3 months. Don't delay...stay on time with your hygiene visit.

The winner and hygienist will receive a PRIZE!
